

## Lesson 16 Exercise (Python's Object Reference)

1. Ensure you have viewed the video (associated with this exercise) at [this link](#).

If you are viewing a printed copy of this exercise locate the video on the YouTube channel either directly on the channel or via the supporting website.

2. Compare and contrast the two models as outlined in the video i.e. the 'simple' model and the 'execution space' model.
3. Draw a sequence of diagrams that represent the 'simple' model for the execution of the following program.

```
File Edit Format Run Options Window Help
number_1 = 3
number_copy = number_1
```

4. Draw a sequence of diagrams that represent the 'execution space' model for the execution of the above program.
